

Current Connected Shipping to Alaska & Hawaii:

Shipping Lithium batteries to Alaska & Hawaii by air requires special licensing and certification to ship, but it is easier for us and delivers much faster this way.

We must send these batteries as a Class 9 UN3480 HAZMAT shipment.

We are now offering two shipping options for customers in Hawaii & Alaska.

1. **Current Connected Arranged Air Shipping:**
 - a. For 206Ah Metal Cased it costs \$490 per battery
 - b. For 206Ah Plastic Cased it costs \$450 per battery
 - c. For 100Ah Metal Cased it costs \$340 per battery

We are now handling ocean shipments per the following instructions:

2. **Customer Arranged Ocean Shipping:**
 - a. Customers will be fully responsible for arranging and paying for ocean freight with DHX (Dependable Hawaiian Express) from WA or CA to AK or HI
 - b. Current Connected will charge the following prices for shipments from our warehouse to DHX in Los Angeles.
 - i. For 206Ah Metal Cased it costs \$90 per battery
 - ii. For 206Ah Plastic Cased it costs \$90 per battery
 - iii. For 100Ah Metal Cased it costs \$60 per battery
 - c. Customers will have full responsibility for coordination of the shipment and providing Current Connected with all documentation (Bill of Lading, Quote Number, & All other documents)
 - d. Customers are fully liable for any damages caused during transit by ocean. We highly recommend insuring your shipment.

Customers will need Box Dimensions, Weights, and HAZMAT information for DHX to provide customers a quote.

- Box Size:
 - 206Ah Metal Cased Battery: **18x13x15**
 - 206Ah Plastic Cased Battery: **18x13x15**
